

### AEM Test Equipment

AEM test and measurement solutions include ruggedized and portable handheld cable testers and small form factor vector network analyzers. These solutions are highly modular and suited to field use, enterprise, manufacturing and laboratory environments. Test More, Test Faster, Test for Less. [www.aem-test.com](http://www.aem-test.com)

### Comtran

Industry leader of “USA only manufactured” high-performance Premise & Specialty Datacom, Sound & Security, Low Voltage Fire Alarm, VITALINK CI & CIC, Transit & Railway, Industrial Ethernet, LSZH, Military/Shipboard and Custom Specialty wire and cable. At Comtran, “Keeping The Customer #1” is not a tagline, but a daily commitment to service. For more information visit [www.comtrancorp.com](http://www.comtrancorp.com).

### Duraline

MicroDuct and FuturePath family of duct systems allow for controlled growth and future proofing of your fiber optic network infrastructure, meeting bandwidth requirements as needed with eABF – Enterprise Jetted Fiber. With the FuturePath system you have available pathways for additional fiber as your bandwidth and network requirements grow without the additional construction costs. For more information visit [www.duraline.com](http://www.duraline.com).

### Gai-tronics

Pioneer and market leader in the development of the security industry’s most durable, innovative Emergency & Public Access Telephones, state-of-the-art Campus Communication/Broadcast Systems and rugged Industrial Telephones. For more information visit [www.hubbell.com/gai-tronics](http://www.hubbell.com/gai-tronics).

### Great Lakes Data Racks & Cabinets

Great Lakes Data Racks & Cabinets is a USA manufacturer of UL Listed indoor/outdoor products for rackmount IT equipment. A full portfolio of free-standing cabinets, wall mounts, racks, and accessories support data centers, telecommunication, and security applications. Product is stocked and able to be fully configured to the customer’s specifications, often able to ship in 24-48 hours ARO. Fast, flexible and easy—that’s Great Lakes. For more information visit [www.werackyourworld.com](http://www.werackyourworld.com).

### Lynn Electronics

Lynn Electronics offers a complete solution for copper and fiber cabling applications. Products include Telephone cords and cordage, Category 5E/ 6/ 6A Slim-line High Density Patch cords, 25 Pair Cat 3 and Cat 5E Telco Connector Cables, Audio/Video/Data Cable Assemblies, Power Cords, Fiber Optic Pigtailed, Patch Cords and Jumpers as well as Custom Cable Assemblies in Copper and Fiber Configurations. In addition, Lynn offers a full line of High Speed Ethernet and Gigabit Media Converters, Switches, Rack Mount Chassis, Attenuators, SFP’s and Transceivers. For more information visit [www.lynnelec.com](http://www.lynnelec.com).

**Snake Tray**

Snake Tray has been innovating cable trays, cable management and power distribution solutions since 1996! Our goal is to provide our customers with cost-effective solutions that help reduce the total cost of construction. Snake Tray products are stocked throughout the US to guarantee no delays to our customers. For more information visit [www.snaketray.com](http://www.snaketray.com).

**Surecall**

SureCall® specializes in the design and manufacture of cell phone signal boosters, amplifiers and accessories. For more information visit [www.surecall.com/](http://www.surecall.com/).

**Tinifiber**

Strongest, smallest O.D., most flexible micro armored fiber optic cables in the industry. Patented Micro Armor Fiber providing 75% lighter cable with a 65% smaller O.D. than traditional Aluminum Interlocking Armor (AIA) fiber cable. Best fiber cable cost/value proposition by delivering reduced labor/installation costs. Maximizes infrastructure space management. For more information visit [www.tinifiber.com](http://www.tinifiber.com).

**Raleigh Office**
